

## ACKNOWLEDGMENTS

This report was prepared by Versar, Inc. for U.S. EPA Region 3 under Contract Nos. 68-D3-0013 and 68-W6-0023. The Project Officers for these contracts were Thomas M. Murray and Cathy Fehrenbacher of EPA's Office of Pollution Prevention and Toxics. Authors of this report were David Bottimore, Mark Southerland, Pat Wood, and Alison Doherty of Versar's Exposure/Risk Assessment Division and Ecological Assessment Division. Word processing, graphics, technical editing and logistics support were provided by Valerie Schwartz, Jennifer Baker, Kathy Bowles, Janeice Zeaman and Amanjit Paintal.

The authors wish to acknowledge the contributions of EPA's Steering Committee for guidance and technical oversight for this effort.
